

## Assistant Building Control Surveyor

Wakefield  
Permanent Post

Are you looking to build your career in Building Control?

If you are currently studying towards a Building Control degree and you have the ambition and application to advance your career to new heights, this could be the role for you.

Integral BCS Ltd are offering an opportunity to join an organisation with national coverage, working on a range of sites and alongside big names within the construction industry, to provide a trusted, independent Building Control service. We work with a diverse range of clients, across all building sectors including residential, commercial and industrial.

The successful candidate will have the commitment and drive to deliver an excellent service to our clients. As an independent Building Control assistant, you will be helping Integral BCS Ltd maintain a trusted and reliable consultant. You must have the confidence and personality to build lasting client relationships. Successfully combining regulatory understanding with the personal skills required to deliver an excellent service, this is your chance to join a company of self-motivated, engaging professionals, recognised for offering expert interpretation and a consistent approach.

The role will be formally based in our Wakefield office but will require some travelling across Yorkshire and Lancashire to meet clients face to face.

Candidate requirements include:

- To be in the process of obtaining a relevant degree, or similar construction qualification
- Building Control experience desirable, but not essential
- A basic understanding of construction and the Building Regulations
- Strong written and verbal communication skills
- Attention to detail and highly organised
- Full driving license

Responsibilities include:

- To assist in planning and delivering a full range of Building Control services to various clients covering pre-application consultancy, full plan appraisal, site inspections
- To assist senior surveyors in carrying out day to day Building Control duties
- To be independent and manage time effectively
- Liase with various professionals within the construction industry
- Maintaining professional standards at all times
- Support all Integral BCS Ltd surveyors and admin staff
- To offer independent and impartial advice on Building Control to clients when required
- To build and maintain strong relationships with key individuals at all levels within client organisations, delivering an excellent service to IntegralBCS Ltd values

# INTEGRALBCS

- To work alongside IntegralBCS Ltd colleagues, identifying opportunities for commercial growth through complimentary services

Integral BCS Ltd can offer:

- Structured development programme to help you fulfil your potential
- Relevant support and mentoring
- The opportunity to help to deliver an excellent service for high profile clients and recognised brands
- Competitive salary and allowances
- A flexible and relaxed working environment
- Defined contribution pension
- 25 days holiday plus bank holidays
- Company laptop, mobile phone, tablet
- Access to an office with facilities

Integral BCS Ltd will consider all levels of experience and qualification for this role.

If you believe you fit this role and want to join our successful team, please email your CV and cover letter to [admin@integralbcs.co.uk](mailto:admin@integralbcs.co.uk).

We look forward to hearing from you.
